Technical data Sheet, TDS

GREEN CLEAN GC- 101 **HEAVY DUTY DEGREASER**

GREEN 101, Super Degreaser is a cleaner product, concentrate, water soluble and water base degreasing.

GREEN 101, Super Degreaser is formulated for cleaning to removes all grease, oil, fat, and other hydrocarbon from surface material.

With metal protection and corrosion inhibitor, **FOCUST 101, Super Degreaser** is safely to all material as aluminum, rubber, vinyl, plastic, painting surface, concrete, and other.

GREEN 101, Super Degreaser is safe, effective for cleaning and environmental friendly.

ADVANTAGES

- ❖ No hazardous chemicals, non flammable.
- ❖ Concentrate, for using diluted with water depend on the soils
- ❖ Effectively for degreasing
- ❖ Corrosion inhibitor ingredient

DIRECTION FOR USED

1. Dilution ratio with water

Soil Type	Dilution Ratio
Heavy oil	1 : 5
Medium oil	1 : 10
Light oil	1 : 15

2. Wetting the surfaces of material to be clean with Super Degreaser

3. Wait for a few minutes and cleaning with brush/spons/wiper or high pressure washer/steam.

4. Rinse with water

GREEN 101, Super Degreaser, can be used for cleaning with manually (Brush/Sponge/Wiper/Pad), or cleaning with machine, cleaning equipment or dip-tank application

- Dipping and circulation pump
- High Pressure
- Wiper/Brush/Sponge
- Steam/Water Pressure

CAUTION

- Dilute with water before use, depend on soil
- MSDS attachment
- For Aluminum, diluted with water and trying before use

PACKAGING

- Pail (25 liters) , Drum (200 liters)
