

## GREEN CLEAN GC-103 OIL SPILL DISPERSANT

**GREEN CLEAN GC-103, Oil Spill Dispersant** is a oil spill product, suitable for breaking up and neutralizing crude, refined oil product on water surfaces (sea water, lagoon, river, etc.) or hard surfaces (concrete, rig plat form).

With metal protection corrosion inhibitor, **GREEN CLEAN GC-103, Oil Spill Dispersant** safe for all surfaces material (rubber, vinyl, plastic, paint surfaces, concrete, etc).

**GREEN CLEAN GC-103, Oil Spill Dispersant**, safe does not damage or pollute the environment, effective, and economical to used for oil spill application.

### ADVANTAGES

- ❖ No hazardous chemicals, no flammable
- ❖ Concentrate, diluted with water depend on soils before use
- ❖ Water based solvent, effectively used for oil spill
- ❖ Corrosion inhibitor ingredient, safe for all metals
- ❖ Does not damage or pollute the environment

### DIRECTION FOR USING

Dilution ratio with water

Soil Type	Dilution Ratio
Heavy oil	1 : 5 – 10
Medium oil	1 : 10 – 20
Light oil	1 : 20 - 50

**GREEN CLEAN GC-103, Oil Spill Dispersant** can be use manually or machine/equipment as follow :

- High pressure wash
- Hand Sprayer

For good result, apply liquid **GREEN CLEAN GC-103, Oil Spill Dispersant** able to optimum contact with oil waste for breakihng up and neutralizing result.

### CAUTION

- Diluted with water before use depend on soils
- See MSDS, attachment

### PACKAGING

- Pail (25 litres) , Drum (200 litres)
