

## GREEN CLEAN GC- 107 , FIDD **FOOD INDUSTRY DEGREASER DISINFECTANT**

**GREEN CLEAN GC~107,FIDD** is a cleaner product, concentrate, water soluble and suitable use for degreasing on the surface material.

Safe for all surfaces.

**GREEN CLEAN GC~107,FIDD** is formulated for cleaning process, cleaning and removes all soils, grease, fats, oil, and hydrocarbon from a wide variety of surfaces (soft metal and hard metal). With rust inhibitor ingredient, safe to use on aluminum, stainless steels.

**GREEN CLEAN GC~107,FIDD** is suitable use for cleaning direct food contact equipment (kitchen equipment, food court, kitchen area, food industry area)

**GREEN CLEAN GC~107,FIDD** is safe does not damage or pollute the environment, effective, and economical to used for oil spill application.

### ADVANTAGES

- ❖ No chemicals hazardous, no flammable
- ❖ Concentrate, diluted with water depend on soils before use
- ❖ Corrosion inhibitor ingredient
- ❖ Safe to used on all surfaces material and soft metal (Aluminum)

### DIRECTION TO USE

#### 1. Dilution ratio with water

Soil Type	Dilution Ratio
Heavy oil	1 : 5
Medium oil	1 : 10
Light oil	1 : 15

#### 2. Wetting the surfaces of material to be clean with **FIDD**

3. Wait for a few minutes and cleaning with brush/spons/wiper or high pressure washer/steam.

#### 4. Rinse with water

**GREEN CLEAN GC~107,FIDD** can be used manually or machine/equipment cleaning.

- Dipping and circulation pump
- High Pressure/Water Jet
- Wiper/Brush/Sponge
- Steam Pressure

### CAUTION

- Diluted with water before used
- See MSDS, attachment

### PACKAGING

- Pail (25 litres) , Drum (200 litres)
