

GREEN CLEAN GC- 302 **ELECTRIC-ELECTRO CLEANER** *TCE Base*

GREEN CLEAN GC-302 , Electric-Electro Cleaner is a solvent cleaner, TCE base, no flammable, no combustibile, electric isolator properties and quick drying time.

GREEN CLEAN GC-302 , Electric-Electro Cleaner is formulated for used cleaning and removing of all soils type from electric equipment (motor, stator, electric panel, contactor, control panel, etc).

ADVANTAGES

- ❖ No flammable, no combustibile
- ❖ Dose not damage isolator varnish
- ❖ Having high dielectric strength
- ❖ Safe for all metals and no corrosive
- ❖ Quick drying

SPESEFIKASI

Characteristics	Typical value	spesification	Test methode
Colour, Saybolt	+30	Min +30	ASTM D 156
Spgr (15.56/15.56 deg C)	1	1	ASTM D4052
Flash Point, deg C	None	None	ASTM D56
Distillation Range, deg C -Initial Boiling Point -Final Boiling Point	75-175	75-175	ASTM D56
pH	N/A	N/A	
Aromatic Content, % vol	N/A	N/A	UV
Percent Volatile by Vol	100	100	

DIRECTION FOR USE

1. Wetting the surface to be clean with **GREEN CLEAN GC-302 , Electric-Electro Cleaner** by using sprayer or wiper
or
Dipping the sparepart or equipment if possible
2. Wait for a few minutes and clean with brush/sponge/wiper

CAUTION

- See MSDS, attachment

PACKAGING

- Pail (25 litres) , Drum (200 litres)
