Kodya Batam - Indonesia 29432

Date : 1 March 2009

To Whom It May Concern

It is to confirm that we have installed and implemented the GLW's Bypass Oil Filtration System on our Generator for nearly two years now.

The result to-date has been very satisfying. The Oil Filtration System has effectively prolonged the Generator's oil change interval by 12 times and we have gained substantial savings from the reduced needs of purchasing new oil for it.

We would definitely recommend the GLW's Oil Filtration System to our business partners.

Yours faithfully
